

ODRŽAN MEĐUNARODNI PROFFORMANCE+ VEBINAR
Sustainability in Higher Education: Embedding Sustainability in Teaching and Learning

U utorak, 8. 10. 2024. godine, sa početkom u 14.⁰⁰ po lokalnom vremenu, u onlajn okruženju, održan je međunarodni vebinar *Sustainability in Higher Education: Embedding Sustainability in Teaching and Learning*, u okviru sedme sesije tematskih vebinara za visoko obrazovanje ([PROFFORMANCE+ Thematic Webinar Series](#)). Ovoga puta pažnja je bila usmerena na inovativne prakse nastave i učenja u kontekstu održivosti. Vebinar je delom bio zasnovan i na bazi podataka o izvrsnosti u nastavi PROFFORMANCE, koja sadrži oko 130 primera dobrih praksi u visokom obrazovanju iz šest različitih zemalja. Nakon pozdravnih reči i uvodnih impulsa, u prvom delu učesnice i učesnici upoznati su sa PROFFORMANCE alatima koji su fokusirani na održivost (prezentacija Lali Giorgidze, Gruzija). Nakon toga, razmatrane su različite teme usmerene (sa teorijskog i praktičnog aspekta) na održivost kroz prezentacije iz Srbije i Mađarske. Interakcija je postignuta kroz onlajn diskusije, kao i upotrebom digitalnog alata (Mentimeter) za ispitivanje stavova učesnica i učesnika o prezentovanim temama. Pored primera iz međunarodne obrazovne prakse, učesnice i učesnici u završnici vebinara imali su priliku i da se upoznaju sa *Pozivom za dodelu nagrada za visokoškolske nastavnike 2024/25*, koji je pokrenut ove jeseni u okviru projekta PROFFORMANCE. PROFFORMANCE+ vebinar je okupio više od 130 učesnica i učesnika iz različitih zemalja. Vebinaru je prisustvovala i profesorka Visoke strukovne vaspitačke i medicinske škole u Vršcu dr Ivana Đorđev.
